

# Housing. Support. Recovery.

No one is immune to a change in circumstances that can leave accommodation unaffordable, unsuitable or unstable.

We're an organisation that helps women living in Sydney prevent or resolve homelessness through individualised support and access to safe and affordable housing.

Foundation

## Who we support

We provide one-on-one support to women in Sydney (Inner West, CBD, Botany Bay, Randwick, Waverly & Woollahra) who are over 18 years old, without accompanying children, who are, or are at risk of, experiencing homelessness and living with mental ill-health.

Housing instability or crisis can happen to anyone, at any time. We're here to help you work out what steps to take based on your unique circumstances.

## How we can help

Our team is specially-trained to work with you and tailor an approach that will meet your individual needs.

We provide assistance to address problems that may be contributing to the housing crisis such as:

- health care needs
- legal matters
- domestic violence
- financial stress.

We can work with you directly or make referrals for a range of specialist services including:

- financial counselling
- long-term social and affordable housing
- mental health support legal assistance.

As part of our services, we can provide:

- Short-term crisis accommodation
- Subsidised furnished private rental properties for up to 18-month tenancies with a key support person to assist women to achieve their goals and regain a sense of control.
- Outreach support for women living in the community who need help to keep a tenancy or to move to somewhere more suitable.

## Our commitment

We are committed to supporting all our clients, including Aboriginal People, LGBTIQA+ People, and Culturally and Linguistically Diverse People, in a respectful way that protects their dignity, is fair, and does not discriminate.

*B Miles Women's Foundation acknowledges Aboriginal people as the Traditional Custodians of the lands on which we live and work. We pay our respects to Elders past, present and future, and recognise their continuing connection and contribution to the land and waters. We are committed to truth-telling and listening to Aboriginal voices on the matters that affect them.*
